The Warren County budget represents the Board of Supervisors' revenue and expenditure policy after numerous budget work sessions with County departments, Constitutional Officers, the School Board, various State offices, and outside agencies. The Board of Supervisors, the School Board, and County staff are committed to continuing to provide necessary services in a quality manner while at the same time maintaining a low real estate tax rate. With this commitment in mind, a budget is produced that recognizes limited revenue sources, conservative expenditures, and the needs of the citizens of Warren County. The goals set by the Board at the beginning of the budget process call for staff to maintain current levels of service, stay competitive with staff salaries, and continue progress on capital improvement projects.
